Hope is on the horizon

My friend, Jim Corrigan lost his brother Tom to ALS this July. We will be remembering Tom by once again collecting donations for the ALS Hope Foundation. Any donation will be greatly appreciated and used in the fight against ALS. Last year our annual Haunt drew about 400 people and collected over \$575 dollars. We encourage but not require our guests to make a donation to the ALS Hope Foundation before entering the this year's haunt. Please look for a donation box at the Museum Tunnel entrance. I want to thank our sponsors this year Sanatoga Thriftway and Pottstown HomeDepot for their support.
